Experience

WellDev

Jul 2024 – Present

Junior Software Engineer

- Developed scalable full-stack web applications using Ruby on Rails, React, and PostgreSQL.
- Maintained and developed backend services including background jobs, RESTful APIs, automated CI/CD pipelines, server provisioning with Ansible, and containerized deployments.
- Designed and implemented a pending tasks page with a real-time notification system (Gmail-style) using Hotwire (Stimulus, Turbo Streams, Action Cable broadcasting), achieving a 10× performance improvement.
- Implemented monitoring and alerting solutions using Prometheus and Grafana, integrating Slack notifications for proactive incident response and system reliability.
- Applied Test-Driven Development (TDD) using RSpec, Enzyme, and React Testing Library to ensure high test coverage, reliability, and maintainable codebases.
- Migrated the application's file handling system from Paperclip to Rails Active Storage, improving maintainability and aligning with Rails-native file storage capabilities.
- Resolved critical production issues in a property management system, significantly improving system stability and user experience.
- Led migration of the view layer of the whole project by converting all templates from `.html.haml` to `.html.erb`, simplifying long-term maintenance.

Skills

- **Languages:** Java, Ruby, C/C++, Javascript
- **Database:** PostgreSQL, MySQL
- **Framework:** Ruby on Rails, React
- **Tools:** Git, VSCode, Jira
- **DevOps:** Docker, CI/CD, Ansible
- **Methodologies:** Agile (Scrum)

Projects

well.academy (Ruby on Rails, PostgreSQL) [🔗](#)

- WellAcademy is an online learning platform designed to connect students and teachers, providing a space where users can engage with courses, complete interactive lessons, take quizzes, and earn certificates.

BusMania (Java Swing, MySQL) [🔗](#)

- A ticket reservation system that allows users to view available buses with seat availability for their selected route and time, then book seats accordingly.

QuizApp (Java SpringBoot, MySQL, Thymeleaf) [🔗](#)

- Admins manage quizzes and questions, while users participate, view results, and see top scores.

Competitive Programming and Problem Solving

Onsite Programming Contests

- **1st place** | Intra NSTU Programming Contest (December 2021) [🔗](#)
- **4th place** | CUET IUPC (Divisional) – 2022 [🔗](#)
- **7th place** | 15th IIUC Inter University Programming Contest 2023 [🔗](#)
- **12th place** | RMSTU Bangabandhu Online Divisional Programming Contest (May 2021) [🔗](#)
- **27th place** | CoU-BRACNet Inter University Programming Contest 2023 [🔗](#)
- **66th place** | BUET IUPC 2023 [🔗](#)
- **Participated 2 times in ICPC Asia Dhaka Regional Site (2022 and 2023)**

Online Judge Profiles

- **Codeforces (Specialist)** [↗](#)
- **Codechef (5*)** [↗](#)
- **AtCoder (7 Kyu)** [↗](#)
- **UVA** [↗](#)

Solved more than **2000** problems across **LIGHTOJ**, **SPOJ**, **beecrowd**, **CSES**, **Hackerrank**, **Hackerearth**, and **TIMUS** online judges.

Education

Noakhali Science and Technology University

Dec 2018 – Mar 2024

B.Sc.(Engg.) in Computer Science and Telecommunication Engineering

- CGPA: 3.48/4.0

Training and Co-curricular Activities

- Teaching Assistant, Department of MIS, NSTU — conducted programming workshops. ([Recognition](#) [↗](#))
- General Secretary (Departmental Computer Club, 23-24 EC)
- Trainer and Problem Setter ([NSTU JPC 2020](#) [↗](#), [NSTU IUPC 2022](#) [↗](#))
